

Product description

Wecoline Clean 'n Easy Absorb mat

Size: 37 x 51 cm

Contents: 10 x 10 pcs.

Article number: 02037503

Application

For quick and simple removal of liquids in:

- *Retail* – for removing spilt soft drinks, vinegar, milk, juice and other liquids with a lower viscosity.
- *Catering industry* – for removing spilt wine, beer, soft drinks, water and other liquids with lower viscosity.
- *Care institutions* – for removing bodily fluids such as urine, vomit and blood as well as spilt soft drinks, coffee, tea and other liquids with lower viscosity. Wear gloves when removing bodily fluids. After use, dispose of the mat in the appropriate bin.

Absorption

Absorption time 30 - 120 seconds, depending on the liquid's viscosity. Average absorption of up to 1200 ml.

After absorption, the liquid is converted into gel, so the mat feels dry to the touch and does not leak.

Tip

- When removing high-viscosity liquids, it is recommended to first thin the liquid with water, before using the mat. This enhances its absorption capacity.
- Always wear gloves when removing body fluids, acid and alkaline products.
- For effective cleaning of the floor, the floor should get a final treatment with the Wecoline floor set, consisting of a spray-handle, flat mop frame, flat mop, scrub flat mop and a dose-measuring flask (article number 03031019).
